HARD ON HORSE BREEDERS

They Are Discouraged by the Ruinous Prices Obtained at Recent Sales.

Vess's Luck in Getting a Sister of Nancy Hanks-Privileges for the Race Meeting-Notes of the Turf.

REEDERS of fine horses are not a little discouraged at the results of the slosed last Friday. It lost money to both the owners of and to Mr. Lackey himself.

About 150 aniere disposed of at almost ruinous prices. Kohlhier, of Cambridge City, sold seven head for \$1,000 less than they cost him in Kentucky. The stock was principally colts, mares and stallions, of which the country seems to be overcharged. What few nice geldings there were offered brought good prices, as they did at

the Cambridge City sale some time since. Jay Voss got the cream of the sale, which was a mare, half sister to Nancy Hanks, at \$500. Since the purchase he has been offered twice that amount for her. The stock of Dr. Wright's estate brought better money than any other offered.

Dick Wilson, one of the sons of the noted Indiana breeder whose name is inseparably connected with Blue Bull, will not be idle, for he has made an engagement with W. S. Lawson, of New York city, to handle the weil-bred ones on his farm at Port Chester. Mr. Lawson has already had an opportunaty to judge of the ability possessed by the young trainer from the Hoosier country, as he drove Stanza for him last year, and gave the black stallion a record of 2:234. Charles H. Kerner, of the Clarendon Hotel, New York city, will send some of his stock to Wilson, including a filly by Alcantara that could beat 2:20 at the pace in her two-year-old form. Since Scott McCoy returned from the West he has got tegether quite a number of well-known cracks. We have already published the news about Ryland T. (2:114) and the pacer Frank Dortch (2:254), and another fast one that is now in Mr. McCoy's charge is the roan stallion Fred S. Wilkes (2:114.) The same trainer has also made arrangements with M. B. Wilcox, Southington, Conn., to take Fanny Wilcox (2:194) and her pacing sister Lizziemont (2:164.) He will also have that good race horse Keno F. (2:17), owned by Mr. Washburn, of Springfield, and the tay mare Gretchen (2:194), that made a creditable campaign through New England last year. Jerry O'Neil has now about twenty head, including a number of colts, and James M. Galvin includes in his string Dare Wilkes, the promising son of the racing queen Martha Wilkes, 2:08. Besides this scion of royalty the Colonel is handling Silver Spray, 2:28, by Guy Wilkes, out of Blanche, by Arthurton, and therefore, a full brother to Hazel and Una Wilkes; An-nacender, a chestnut mare by Alcander, 2:22, with a mark of 2:28% at three years; Ossian, 2:31%, by Cyclone; June McGregor, 2:35%, by Robert McGregor; Alcantara Boy, a bay stallion, by the famous son of Alma Mater, with no record, and the black pacer

The following horses at Door Prairie farm, LaPorte, Ind., are being trained for speed: Teucer, by Onward; Merodock, 2:1512; Lucate, two-year-old, by Lucas Brodhead; Eva, a green mare, by Lucas Brodhead; George M., green gelding by Lucas Brodhead; Myrtle D., by Lucas Brodhead, that is considered to be as good a yearling as any one has got; Prairie Boy, by Lucas Brodhead, dam Lulu N., second dam by Happy Medi-um, owned by Homer Decker, LaPorte, Ind., can show very fast, and is as good an rind., can show very last, and is as good an individual every way as can be found;

Ressie B., pacer, by Lucas Brodhead, that showed last fall she could beat 2:30, is amooth goods, without a mark, and will be heard from this year; Peaknuckle, pacer, by Lucas Brodhead, dam by Tempest, jr., that has paced quarters in 35 seconds. They are all in good condition, and some of them will be out early. . . .

The programme for the Indiana Trotting and Pacing Circuit presents the programmes for Connersville, June 20 to 23; Roshville, June 27 to 30; Indianapolis, July 4 to 7; Columbus, July 11 to 14. The plassification has been made to coincide with the new conditions that exist since the bike has come into use and the classes are therefore from two to three seconds faster than has heretofore been required at this season of the year. The pacers are given five classes and the trotters seven classes, and the purses aggregate \$20,000. These tracks are, without exception, firstplass, and will have a management that inice, so far as the same can be had. Infians has provided the best tracks in the work is to be appreciated by the owners and drivers.

Speaking of the prosperity and progress of trotting in England, the Sporting Life says: "It is very evident that trotting as a pastime is gaining daily in favor with English sportsmen." The Sporting Chronicle also says: "Eighteen hundred and ninety-two, from every standpoint, proved one of the most memorable seasons experi-enced in the annals of trotting in this Country." The president of the Trotting Union is the Earl of Lonsdale, and the executive committee is a strong one. Secretary and Treasurer F. Catheart is an exceedingly able and zealous officer.

One of the gamest of race horses, but that always seems too fat for fast work, is Junemont, 2:14.

The New Ross (Ind.) Trotting and Pacing Association have changed their dates to Aug. 9, 10 and 11. The Rush County Indiana Agricultural Society will spend several hundred dollars

this year building speed barns. J. B. Newman, of St. Clair street, Indian-apolis, will place his pacer Arab in a trainer's hands if not sold in a few days. Commercial Girl, 2:214, and Nellie Souther, two eastern Indiana bred mares, are entered in some of the Grand Circuit stakes.

There is a two-year-old brother to Robert J., 2:00%, at Williamsport, Pa., that is said to be faster than the village farm pacer was at the same age.

Dr. Justice, of Eden. Ind., has a fine serrel mare by Lockerbie; dam Morgan. that trots a three minute gait easily. He is roading her a little.

Orrin Hickor will campaign this season for Adolph Spreckles, the California sugar king. Dexter Thorn, a very fast pacer. It is said 2:10 is only easy work for this fellow. Word cornes from Mr. Haws that Me-Ginty, 2:15%, has grown and shaped up nicely, and that if a two-minute horse is out this year he is the one. He has shod

balf-mile record of 1:24%, and is a very promising two-year-old. Price \$800. Tip Cranston, the sire of Laura Belle, 2:26%, is a son of Flying Morgan. Laura will be heard from soon through her colts,

as she has some choicely bred ones that promise to be even faster than their mother. If George Starr don't come to the front again this year we are mistaken. Among those in his string of twenty are Monbars, 2:114; Czar, 2:124; Miss Alice, 2:17; Myr-tle K., 2:184; Aubine, 2:194; Junemont,

We have some few Indiana admirers of the pacer who would like to see some races as of yore-under the saddle. They say that when Blind Tom. Bay Sally. Old Red Buck and others were in their prime nothing has equaled it since.

Bell M., by Empire 2318, dam of Royal Ambassador, 2:26%, four years old, owned by Eins Morris, Decatur, Mich., was skipped to Peru, Ind., to be bred to Reward J., 2:28, by Bourbon Wilkes 2345, dam Lark, dam of five in 2:20, by Abdallah Mambrino

Lon Trees, of Warrington, Ind., is owner of Sailor Boy, one of the best and most promising young Tasco stallions in the county. He is by Tacco, 2:21%: dam by Old Frank. He paces easily in 2:25 already, and gives every indication of his ability to make a record this season.

Frank M. Moore is at Poplar Grove track, near Madison, Ind., with his trotters. He has Alert, 2 244, by Hambietonian Downing, dam Nance by Mohawk; Rich (8) by Richwood, by Rysdyk Hambletonian, dam Nellie F. by John E. Wood; Dominator (3) by Delineator, 2:18, sire of McGinty (2), 2:154, dam Kate Harper by Tom Harper, son of Pilot Duroc; Kate Harper, by Richwood, dam as above.

John Splan's string of trotters, during that gentleman's European trip, has been under the charge of Doc Tanner, and the horses are reported to be in splendid condition. The stable consists of the following horses: Uncle Sam, 2:23, by Louis Napoleon; Clio, 2:194, by Gambetta; Susan McGregor, 2:36, by Robert McGregor; Dirego, 2:184, by Princeps; Peep-o'-Day, by Dawn, and a fast youngster by Baronstein.

Recky Ford Maid, by Maginnis, son of Egbert, will be started again this season, and it is expected that she will be the first of her sire's get to beat 2:25. She could have gone that fast last year had it not been for a bad case of distemper. She will be in Dick Hipple's string, at Marion, O. Mr. Hipple is the man that gave Dick B., 2:1816, his best instructions and drove him several times faster than his record.

G. C. McKinney, Evansville, Ind., has booked Belle Durland, 2:194, to Walnut Boy. They paced a dead heat at Sedalia in 2:20. The dam of Walnut Boy is also the dam of Victorene, 2:20. There are very few mares that have two in the 2:20 list. and the dafas of Walnut Boy and Hermitage are among the number. The sire of Belle Durland, Mike Snyder, seems to be of very little breeding, but as she is a race mare the produce by Walnut Boy should be val-

TRAVELING MEN AT THE FAIR.

They Are Given but One Day Instead of a Whole Week, as They Had Hoped.

Last Sunday it was announced universally through the press of the country that the commercial travelers of the United States and the world had arranged to occupy one week with their world's fair convention at the Columbian exposition, and the programme for each day of that week was also announced. Last Thursday Mr. A. J. Dowd, chairman of the Columbian Associated Travelers, received the following letter from E. C. Culp. secretary of joint committees on ceremonies:

Dear Sir—The committee on ceremonies has, after careful consideration, decided that there will be but one day set apart for the commercial travelers. That day has been heretofore assigned by the director-general and is July 26. There will be no date set apart for any association which will conflict with your privileges in this matter.

This puts a different complexion on the exhibition to the commercial travelers, and will be accepted as a universal disappoint-

Mr. Donley's Recital.

Mr. W. H. Donley gave his tenth fortnightly organ recital yesterday afternoon His programme contained several numbers of particular interest, masmuch as they are novelties in organ music and it is thought they have never been played in this city before. The "Pilgrims' Chorus" from "Tannhauser," was great, and in every selection Mr. Donley made the organ speak, in unmistakable tones, the composer's meaning. To hear such a programme so ably given is one of the musical pleasures which more persons ought to enjoy. The programme included: Overture, "Oberon," Weber: andante, "Holsworthy Church Sells," Wesley; minnetto, from "Suite L'Arlesienne." Bizet; fantaiste concertante, Grison; "Pilgrims' Chorns," from "Tann-Wagner; allegretto pastorale, Gambini; larghetto, Second symphony Beethoven; intermezzo, Gantier; Reverie, Beaumont; Oriental march, Dulcken.

PARTNERS COULDN'T AGREE

Why a Receiver Was Summarily Appointed for a Real Estate Firm.

King Brings Suit for Divorce-Seeking Damages for Arrest-Old Elevator Case -Court Miscellany.

Upon the petition of David C. Bryan, supported by affidavit, Judge Harper yesterday appointed John L. Mitchell, jr., receiver for the real estate firm of Bryan & Fullenweider. Bryan alleged in his petition that under the term of the partnership agreement he was to have the handling of the money of the firm, and that \$200 was received by the firm as earnest money to bind a sale of real estate to Dr. J. A. Cutting. and this money was taken by Fullenweider and deposited in a bank, concealing the fact of its receipt from the petitioner. It was alleged that the business of the firm required that a receiver be appointed immediately, without notice to the defendant other than the summons in the hands of the sheriff, and the court appointed the receiver, who gave bond in the sum of \$1,000, with Vinson Carter as surety, which was accepted by the court and the receiver authorized to take immediate possession of the office. with all furniture, books, accounts and bank books, and to order the banks to hold any money on deposit subject to his order.

Langenberg's Proposed Venture. David G. Hanna, Margaret Dobbins and Eleanor McCord yesterday filed suit before Justice Daniels against Ann James, seeking to recover possession of the property known as the James House, at No. 64 North Alabama street. The complaint alleges that the property was let under a written lease, on the first day of October last, for a term of one month. It is also alleged that the defendant has committed waste in permitting the water pipes in the building to burst, and that the premises have become dirty, fifthy and unhealthful. Outside talk has it that the real intent is not given in the complaint filed before the Justice. It is said that possession is desired for the purpose of having the build-

Yesterday morning the attorneys for the Indianapolis, Decatur & Western Railway Company and the defunct First National Bank were in Room 8 of the Superior Court to present argument upon the priority of two mortgages held by them on a strip of ground west of the river. The bank held first mortgage upon the ground, but after it passed out of existence the railroad company claims that their second mort-gage takes precedence. A. L. Mason, at-torney for the railroad, is absent in the East on business connected with the street-car company, and Mr. Latta appeared for him and asked that argument be postponed until the return of Mason. The court granted the request, and argument was indefinitely postponed.

King Sues for Divorce. Pierce Norton, as attorney for John A. King, yesterday placed on file in the clerk's office a suit for divorce. King in his complaint alleges that his wife, Eva M. King, has been guilty of acts of immorality; that she was an habitual opium eater to the extent of becoming intoxicated with the drug. Affidavits of nonresidence of the defendant by the plaintiff and by Ella Hawkins as a disinterested person were filed with the complaint. Her residence is given as Athens, O., where she is confined in an insane asylum.

King is the traveling man who has attained considerable notoriety in this city heretofore, first by the elopement of his alleged wife with a man named Kyle, and afterward the arrest of himself and Kate Morrison on charges of immorality.

Wants Damages for Arrest, Franklin M. Reed has filed suit against Frank A. Jacob and Thomas Bemis, asking judgment in the sum of \$5,000 as damages for his arrest upon a capias ad satisfaciendam. On Feb. 27 Reed, who is a member of the firm of Franklin M. Reed & Co., of Anderson, was in this city attending to business of the firm and was arrested upon a capias issued from Justice Daniels's court upon the affidavit of Thomas Bemis. Upon trial of the case Reed was discharged. The debt for which he was arrested was a debt from the firm of Reed & Co. to Jacob & Co., and not an individual indebtedness, and Reed asks damages for his arrest upon

Another Suit from that Explosion. Monday morning Mrs. Perrigo will place on file, in the clerk's office, a suit against the Consumers' Gas Trust Company, asking damages for personal injuries received in the gas explosion at the corner of Illinois and Twenty-sixth streets. The house, it will be remembered, was blown to atoms and Mrs. Perrigo, who was, at the time, in the kitchen, preparing the evening meal, was buried beneath the wails and severely bruised.

Why They Are Not in Contempt, In the issue of the News, yesterday, there appeared an article intimating that the directors of the Monon were in contempt of court in passing resolutions for the transfer of stock and the issuance of preferred stock, on account of the agreement filed in Room 3 of the Superior Court not to do so. The directors, however, are not in con-tempt of court, as there was no meeting Friday, and the action reported by the News was not taken.

The Board of Health met in its office last night for the purpose of electing a successor to Dr. Edenbarter as superintendent of the City Hospital. All the members of the board were present, and after accepting the resignation of Dr. Edenharter at once proceeded to the election. There were several applicants for the position, among whom were Drs. Galloway. Young and others. The application

of Dr. Galloway was accompanied by several letters from prominent physicians, lawyers and politicians. The name of Dr. C. E. The board sent a communication to the Women's Sanitary Association inviting some member of it to be present at the meeting of the board Monday evening to talk over health and sanitary matters. Dr. Ferguson will accept the position of-fered him, and that will leave a vacancy at the head of the dispensary. Among the prominent physicians talked of for the place are Drs. Alabama-Street Fish Pond. Complaint was made yesterday to the Board of Health of the condition of Alabama street at the intersection of Seventh. When the asphalt pavement was laid on the latter street, it brought its grade above that of Aisbama street, and there has been ever since a pool of water standing at that point, which is nearly a square in length. About a year ago the Board of Health complained of the condition of the street to the board of works, but the latter body has seen fit to take no action in the matter. There are five cases of diphtheria on the square, and they are all houses which front on this pool of water. President Morrison, of the Board of Health, is of the opinion that the cases of sickness are due to no other cause than that this stagnant water

has been allowed to lie there. Free Ambulance Service, Yesterday the Board of Health sent a communication to the city controller asking him to seenre from the Council an appropriation of \$500 for the purpose of establishing a city ambulance system.
